COEUR BOLT STEEL

Steel anchor composed of a COEUR STEEL hanger, a bolt, and a nut, designed for interior use and available in 10 or 12 mm diameter.

Short Description Steel anchor for interior use (pack of 20)

Selling Points

- Complete and durable assembly:
 - comprised of a COEUR STEEL hanger, nut and bolt
 - made of steel, for interior use
 - hanger anti-rotation system: textured back keeps the hanger from turning when the anchor is being installed or when it is heavily laterally loaded during use
- Easy to clip:
 - the wide, ergonomic connection point facilitates carabiner clipping
 - the width of the attachment point allows installation of two carabiners at the same time
- Reduces wear on carabiners: the thickness of the hanger and the rounded edges of the connection point minimize wear on carabiners
- Available in two bolt sizes (10 or 12 mm)

Specification • Material(s): steel

Specifications by reference

Reference(s)	P36BA 10	P36BA 12
		
Diameter	10 mm	12 mm
Certification(s)	-	EN 959
Weight	110 g	135 g
Drilling diameter	10 mm	12 mm
Total bolt length	85 mm	105 mm
Resistance to cutting on concrete 50 MPa	23 kN	25 kN
Pull-out strength in concrete 50 MPa	15 kN	18 kN
Made in	FR	FR
Guarantee	3 years	3 years
Inner pack count	1	1
Case quantity	1	1
