COEUR STEEL

Steel hanger designed for interior uses with 10 and 12 mm bolts.

Short Description Steel hanger for interior uses (pack of 20)

Selling Points

- Hanger:
 - made of steel, for interior uses
 - hanger anti-rotation system: textured back keeps the hanger from turning when the anchor is being installed or when it is heavily laterally loaded during use
- Easy clipping:
 - the wide, ergonomic connection hole facilitates carabiner clipping
 - the width of the hole allows installation of two carabiners at the same time
- Prevents wear of carabiners: the thickness of the hanger and the rounded edges of the connection hole limit wear of carabiners
- Available for two bolt diameters (10 and 12 mm)

Specification • Material(s): steel
